

Testimonials

"Renting the Ukrainian Labour Temple was easy and stress-free. The staff went above and beyond, and were available when we needed them before, during and after the event. We feel so lucky to have been able to have our wedding social in such a special and cultural place."

"When Pollock's Hardware Co-op was planning its 100 year celebrations in 2022, we knew we wanted to partner with the Ukrainian Labour Temple. It was the perfect setting for our North End history lecture series given the Temple's own storied history. An amazing venue with an equally amazing past!"

Key Features:

- **National Historic Site**
- **Recently renovated**
- **Fully accessible (lift and accessible washrooms on both floors)**
- **Stage and bar**
- **Commercial kitchen**

Ukrainian Labour Temple →

Winnipeg Branch of the
Association of United
Ukrainian Canadians

History & Significance

Built in 1918/19 by the Ukrainian Labour Temple Association (today the Association of United Ukrainian Canadians), the Ukrainian Labour Temple is a National, Provincial and Municipal historic site based on its role as a centre of progressive social movements and its architectural significance. The Labour Temple was one of many buildings that was central to the labour movement during the Winnipeg General Strike. It continues to serve as a centre of cultural and social activity.

The Ukrainian Labour Temple is available to rent for rehearsals, community programs, meetings, conferences, concerts, lectures, socials, weddings, showers and many other parties and events. The Labour Temple is also occasionally used as a filming location.

Upper Level capacity: 325

Our gorgeous upper level is a trademark of North End Winnipeg. It has a stage, a bar, and a balcony. The large hall can accommodate a variety of seating arrangements including concert seating, banquets (round tables), or meetings (rectangular tables). Renters can request that use of the commercial kitchen (located on the lower level) be included in their rental agreement.

Fun fact: The upper level was featured in the 2004 romantic comedy 'Shall we Dance?' with Richard Gere and Jennifer Lopez.

Lower Level capacity: 167

Our lower level is a useful space for a variety of gatherings, including community programs, meetings, and family gatherings. Renters can request that use of the commercial kitchen (adjacent to the lower level) be included in their rental agreement.

Fun fact: For 38 years (1972–2010), we hosted the Lviv Pavilion during Folklorama each summer. The lower level is where we served all the perogies!

Commercial Kitchen

Our kitchen has two gas ranges and ovens, a commercial dishwasher, several food prep areas, and limited dry and cold storage spaces. Our kitchen is an approved community kitchen, available for rent to small food-related businesses or non-profit organizations.
